Task 2. Listen to two people describe what they were doing when the power went out last night. What did they do after the power went out? (<u>write your answer and then email it</u>)
Task 3. What about you? Have you ever been in a blackout? What did you do?(record your voice)

3. Grammar

Read the box (past continuous vs. simple past) very carefully.

1. Look at the first two sentences in the grammar box
 - a. Focus on form in statements
Subject + was/were + verb +ing
 - b. Focus on the form in questions
 - How do you ask a question about Angela? (think about it)
 - Answer: Was Angela cooking pasta last night?**Was/Were + subject + verb + ing ?**

******We use the past continuous to describe actions in progress in the past. We usually use the past continuous for clauses beginning with *while*.**

2. Look at the second part of the grammar box
Explain: We often use simple past with the past continuous. The simple past cation is usually shorter than the past continuous action, although they can happen at the same time. We use simple past for an event that interrupts an action in progress. We usually use the simple past for clauses beginning with *when*.

Refer to exercise 2, underline the examples of the simple past and circle examples of the past continuous.

Task 4. Please complete the conversations (A, Page 15) with the past continuous or simple past forms of the verbs. (Take a picture)

4. Pronunciation

Please listen to the audio, paying particular attention to intonation in complete sentences and then practice.

5. Speaking

Task 5. Please do exercise 5. (page 15, story time), and record your voice.
