جلسه هفتم

ادامه درس جلسه ششم در باره پاراگراف های توصیفی

یکی دیگر از شیوه های نگارش پاراگراف های توصیفی این هست که شما بخواهید فردی را که از وی الهام گرفته و یا تحت تاثیر او قرار گرفته اید و یا به شکلی آن فرد برای شما دوست داشتنی و مطلوب است را مورد تمجید و ستایش قرار دهید. این کار از طریق توصیف ویژگی های فرد مورد نظر امکان پذیر است که به نوعی ما به صورت غیرمستقیم ویژگی های فرد مورد علاقه خود را توصیف می کنیم. در زیر نمونه هایی از این گونه توصیف ها برای دوستان، والدین و معلم نوشته شده است که شما می توانید با الگو برداری از این نمونه ها فرد مورد علاقه خود را توصیف کنید.

توجه مهم: از پایان جلسه هفتم (۲۷ ام فروردین ۱۳۹۹) ۴ روز فرصت دارید انشایی در قالب پاراگراف در باره ویژگی های شخصی که شما را تحت تاثیر خود قرار داده بنویسید و دقیقاً روز ۳۱ فروردین ۱۳۹۹ همگی آن را برای اینجانب به ایمیل: hosseinahmadirezaee@gmail.com ارسال کنید. به افرادی که قبل و یا بعد از تاریخ فوق کار خود را بفرستند ترتیب اثر نمی دهم. شایان ذکر است که این کار کلاسی شما دارای نمره برای آزمون پایان ترم است.

بدیهی است با توجه به پاراگراف های زیر و پاراگراف های جلسه ششم می توانید آن فرد که می تواند معلم، والدین و یا دوستی باشد را توصیف کنید.

دقت شود آن چه مهم است این که تلاش کنید و بنویسید و چنانچه نوشته شما کپی کاری از اینترنت و یا دوست و یا همکلاسی هایتان باشد هیچگونه ارزشی برای آن لحاظ نخواهد شد. نوشته خود را تایپ کرده و در قالب فایل Word ارسال کنید.

Sample 4. The teacher that I admire

If you ask some teenagers: “Who do you admire?” many of them will answer your question by showing their love to some singers, actors or famous people. But if you ask me that question, I will answer proudly: “The person that I admire the most is my English teacher, who’s just ordinary to many people but very special to me”. His name is Tuan. He taught me English when I was in secondary school. He’s known as the best English teacher in my hometown. Not only does he have a wide knowledge of English and but he also knows how to impart his knowledge to students in an interesting and easily understandable way. He makes learning English less difficult. That’s why many students, including me, admire him and enjoy his English class so much. But, I admire him for not only his knowledge but also his personality. I have to say that, never have I met such an enthusiastic teacher like him.

He thinks about teaching and students all the time. He comes to class regardless of sun or rain. Even if it’s an extra class, he will try his best to come to teach students. He doesn’t want any students to spend a lot of time and efforts without achieving high results. I remember one time, he was sick, and he still came to class despite his wife’s prevention, just because we were going to take an exam. He had a high temperature, he was very tired, but he still came for us.

We were all grateful to him for what he had given us. It wasn’t just knowledge, it was love. When I had to stand between two difficult choices: to go to Ha Noi to study or not, it was him, too who gave me the right and sincere advice. Finally, I just want to confirm my love and admiration for Mr. Tuan, who inspired me, who made me fall in love with English. I really admire him for that, for having been a great example and giving me the encouragement. He’s just like the sun, to me.

Sample 5. The Person I like The Most

The person I like the most is my mother. She is one of the most fun-loving people I have ever seen. She is also very smart and independent. But what I like most about her is her helpful nature.

She never ignores an opportunity to help someone in need. She is also very fond of children. My friends also like her. She has a good sense of humor which is often targeted at my father. My father doesn't mind, though. My grandmother told me once that she used to be a very naughty and willful child and gave her teachers a very hard time.

But as she also got good marks they were not angry with her for long. My mother is a multi-talented person. She can write well, sing and paint. She works as an interior designer and earns a lot of money, a portion of which she spends on charity. Her favorite charities include orphanages and homes for destitute women.

My mother buys a lot of things for me. She buys books, clothes, and she even bought a Persian kitten for me. For this she had to argue with my father for he didn't want to have pets in the house. But she managed to convince him for she knew that I wanted a pet badly. Sometimes I think that she is still a child at heart.

She has never broken a promise she has made to me. She often tells my father that one shouldn't make a promise if one can't keep it even if it is made to a child. She encourages me to be the best in all that I do.

And even if I falter, she is there to support me without any criticism. She is more like a friend to me and there is nothing that I can't share with her. That is why I like her the most.

Sample 6. My Father, the Person I Admire the Most Essay

I admire a lot of people but the person I admire the most is my mother .She is the most important person in my life. There is no reason for me to live without her by my side. My mom is a doctor. She loved to help other because she says it was her dream when she was a child. She works hard every day and she likes to learn something new every day. She leads a wonderful family life, she is always cheerful and happy. She has been married for 40 years.

I admire her because she is very intelligent, ambitious and she has many goals in her life. She takes care of us because she loves us. She is also wonderful mother, very patient, sensitive and warm-hearted. She knows answers to every question, even those very silly. Being so patient and sensible, she even helps others to solve their problems. She is great fun to be with because she has a great sense of humor.

My mother has many talents. She is a great runner, a good singer. Generally, Mum is a warm and friendly person. She is very patient and careful with everything that she does. She never lets social life get in the way of relationship with ours. She says that family is the most important things in her life.

She is very important to me, because she teaches me to be a better person every day. She is a good example to me and I love her for many more reasons. I admire my mom so much and I love her. She can always advise me. She wants the best things for our family .I want to be like her when I grow up and even if we were a thousand miles away our hearts will always be together and forever.

Sample 7. My mother, my first teacher - the person who I admire

Who is the one helps me grow up, gives me advice, takes care of me, shows me the right way, always support me greatly, gives me a birthdate and does many things just for me, it's my mother. I love her and really admire her for many reasons.

Perhaps, the thing makes me admire her the most that she was the first teacher of mine. She has been teaching me everything since I was young until now, and for the future. I remember that the first foreign language I studied from her is Russian. I could speak some simple words in Russian when i was

just 5 years old such as "hello", "good bye". At that time, I made a poem about the ant and my mom, of course, was the first person listening to me.

Now, she is still a best friend, I think, she is the greatest psychologist that i have known. Sometimes, sometimes when I was down because of failures in my life, I always went to meet her for asking some advice. As I expect, I always felt better after that.

I also admire her for her personality which is a mix of honesty and strong faith in god, cause and effect. "Take us by ourselves into others' position before doing anything" she said. And she is also a predictor. She can get the future in her dreams. She ever told me that she had found out my father before seeing him. Besides, she was sure that I would be a boy before getting pregnant. Oh my god! It's strange. I cannot do the same thing.

There is a woman who takes an important part in my life and change my thought and action. I really love my mother. I think I am the happiest person because I have a great mother like that. How do you think of your mother?
