1. Review of the third conditional sentences

### The Third Conditional Sentences

- We make the third conditional by using the **past perfect** after 'if' and then 'would have' and the **past participle** in the second part of the sentence:

**if + past perfect, ...would + have + past participle**

- It talks about the past. It's used to describe a situation that didn't happen, and to imagine the result of this situation.

If she **had studied**, she **would have passed** the exam (but, really we know she didn't study and so she didn't pass)

If I **hadn't eaten** so much, I **wouldn't have felt** sick (but I did eat a lot, and so I did feel sick).
